

ADVANTAGE CUT 462

Overview

ADVANTAGE CUT 462 is a premium quality cutting fluid. It contains active-sulfo-chlorinated fat. This versatile product is suited for screw machining, gear cutting, turning, threading, and tapping of many steel alloys.

Features and Benefits

- Latest additive technology
- Reduced odor issues
- Versatility

Applications

This high quality cutting fluid is a heavy duty cutting oil and can be used in most applications involving ferrous metals. It was designed for the most severe applications where sulfur, chlorine, and fat is required.

Typicals

PRODUCT CODE	820
Viscosity, SUS/100 °F	145
Flash Point, COC °F	345
Fat, %	8.0
Total Sulfur %	1.6
Active Sulfur, %	0.6
Chlorine, %	1.0
