

## ADVANTAGE MINERAL SEAL OIL

### OVERVIEW

**ADVANTAGE MINERAL SEAL OIL** is a severely hydro-treated, premium, high viscosity index oil that features exceptional oxidation stability, low volatility and thermal stability.

### FEATURES & BENEFITS

**ADVANTAGE MINERAL SEAL OIL** is an exceptional quality paraffinic oil that is very light in color, very low in odor, and virtually water-white in appearance. **ADVANTAGE MINERAL SEAL OIL** has excellent solvency characteristics making it ideal for blending with other components. It has high purity and excellent low temperature properties.

### APPLICATIONS

**ADVANTAGE MINERAL SEAL OIL** can be used as a base for oils, defoamers and caulking compounds. It is often used as a diluent for inks, polishes, cleaners, germicides or used "neat" as a safer solvent cleaning agent. Also used as a calibration and lamp oil fuel.

### TYPICAL PROPERTIES

<b>PRODUCT CODE</b>	<b>102</b>
Viscosity cSt @ 40°C	3.4
Viscosity cSt @ 100°C	1.3
Viscosity SUS @ 100°F	38
Color, ASTM	<0.5
Pour Point, °C, max.	-33
Flash Point, COC, °C, min.	125
% Saturates	87.8
% Aromatics	<2.2
Density @ 15°C, kg/L	0.85
